SUMMARY

Enthusiastic QA Tester with over 2+ years of experience in manual testing seeking to leverage extensive skill set including test automation with Selenium, quality assurance process improvement, and proven track record of leading successful project. Eager to deliver robust testing solutions that help enhance software quality and user experience. I bring extensive expertise in data modeling, data cleaning, and analytics tools such as PowerBI. My contributions have substantively improved operational efficiencies and informed strategic business decisions, evidenced by a marked increase in productivity and profitability.

WORK EXPERIENCE

Test Engineer – **Wipro Technology**   📅 April 2022– Present

- Possess Strong understanding and experience in the Software Development life cycle (SDLF), Software Test Life cycle (STLC), and the QA role.

- Extensive Experience in App Compatibility Testing, Test case Writing and Test case tagging. Proficient in functional and non-functional testing, including regression testing. Experience in identifying, documenting and Resolving defects effectively through detailed bug tracking.

PROJECT

MS-COMPAT In Market Windows Application Testing - Microsoft

- MS-COMPAT focuses on the compatibility of software applications, services, and devices across various Windows environments, ensuring seamless performance of in-Market applications. The goal is to verify that the software Application's runs smoothly on diverse hardware and software configurations.

- Working closely with the software development team to ensure bug-free applications. Actively participating in all phases of product testing, including planning and delivery recommendations.

Responsibilities:

- Prepare test scenarios, test cases, and test data for respective user stories.
- Perform end-to-end testing.
- Execute test cases and log identified bugs.
- Identify issues across various browsers and perform browser compatibility testing on Chrome and Edge.
- Use basic SQL queries for backend validation and bug verification.

EDUCATION

Bachelor of
Computer science
Kakatiya University
📅 2018 - 2021
📍 Warangal

Board of intermediate education
Sri Chaitanya junior college
📅 2016 - 2018
📍 Asifabad

SKILLS

Programming language
- Python Basics

Technical Skills
- Data Analysis and visualization, Data Cleaning, Data Wrangling, Data Modeling, Power Bi Dashboard, Power Query, Power bi Service, DAX functions, Selenium, Functional Testing, Regression Testing.

Soft Skills
- Time Management, Analytical thinking, Communication skills, Problem Solving, Team work & Collaboration, Adaptability and Flexibility

CERTIFICATIONS

- Data Analysis – Great learning Academy
- Data Analytics fundamentals- Alison

- Power Bi Fundamentals - Simplilearn
- Selenium L1- Wipro Wilearn
